  CGPA/Percentage**: [85.86]**

- **BACHELOR OF COMPUTER APPLICATIONS**

  Saurastra University

  2022 – 2025
  CGPA/Percentage**: [87.33]**

💻 SKILLS

- Languages: C, C++, HTML, CSS, php, ASP.net, java
- Database: MySQL (currently learning again)
- Operating System: Windows, Linux basics
- Concepts: OOP, DBMS, Software Engineering
- Tools: MS Office, Code::Blocks, XAMPP

ACADEMIC PROJECTS

1. ONLINE COSMETIC SHOP-BCA FINAL YEAR(2023)

Technology Used: PHP, MySQL, HTML, CSS, JavaScript

- 📝 **Description**:
- Designed and developed an interactive e-commerce platform for selling cosmetic products. Implemented features like user registration/login, product search, shopping cart, order placement, and admin dashboard. Handled both frontend and backend development with secure database integration using MySQL.

2. CAR AND BIKE RENTAL SYSTEM-BCA FINAL YEAR(2024-2025)

Technology Used: ASP.NET, C#, SQL Server, HTML, CSS

- 📝 **Description**:
- Created a web-based system for renting two-wheelers and four-wheelers. The system allowed users to book vehicles, view availability, and manage their bookings. Admin module included vehicle management, booking control, and report generation. Built using ASP.NET with C# and SQL Server for backend database operations.
